SUMMARY

Enthusiastic and self-driven Software Engineering student at COMSATS University, Lahore, with hands-on experience in designing and developing full-stack applications. Skilled in Java, HTML, CSS, and MySQL, with a strong focus on front-end development and logical problem-solving. Successfully developed a Hotel Management System project integrating both front-end and back-end functionalities. Passionate about building clean, user-friendly interfaces and continuously learning new technologies. Seeking an internship or entry-level opportunity to apply and expand technical skills in a collaborative development environment.
